

# OXFORD AND DISTRICT MENCAP VOLUNTEERS NEEDED FOR THE 2020 SUMMER CAMPS FOR SPECIAL PEOPLE WITH LEARNING DISABILITIES

Spend a residential week helping our campers have a great time at one of our summer camps in a lovely rural setting. Our campers have a range of learning disabilities, and some have other health problems too. For many this is their only holiday in the year and they really look forward to it. Each camp has two leaders, a medic, and a cook, and each camper is allocated a volunteer who will help them to participate in the range of fun activities that we offer – such as trips to a theme park, boat trips, swimming, bowling, dancing, bar-b-q round a camp fire, etc. Experience is not required – training will be given – just hard work and enthusiasm are necessary!
